

Under age musher request form for T200 and T100

Musher's Name: _____

Mushers under 18 may enter the race by receiving special permission from the board. Letters explaining why you want to enter or a personal presentation of each case must be received or heard by the board prior to Jan 15. In addition, you will need to find either two mushers or one race organization to vouch for your ability to complete the T200 or T100. This race is significantly tougher than a junior event. The trail crosses wind-blown, high-country terrain that often is difficult. Plus, it is exhausting due to hills. Please understand you are signing up for a difficult race.

Persons giving a reference should complete the section below.

Mushing Organization (please sign only if you are CONVINCED they can SAFELY finish this race)
